

Resume Of Jack M. Saladow

Page Two

Presentation: “Technologies Role in Alternate Site Infusion Therapy” Association for Advancement of Medical Instrumentation Annual Meeting, San Jose, CA, June 2000

Presentation: “Infusion Technology Update: Devices and Drug Delivery Options” American Society of Health-System Pharmacists, Home, Hospice and Long-Term Care Meeting, Chicago, IL, August 1999

Article: “History in the Making” *INFUSION*, June 1999

Presentation: “Asset and Inventory Management”, Eighth Annual National Home Infusion Conference, Ft. Lauderdale, Florida, May 1999

Article: “Where do we go from here” *INFUSION*, June 1998

Presentation: “Technology and Its Future Impact on Infusion Therapy”, Eleventh Annual NAVAN Meeting, Philadelphia, Pennsylvania, September 1997

Presentation: “Technology and Its Future Impact on Alternate Site Healthcare Delivery”, Eighteenth Annual Ross Roundtable on Medical Issues: “Nutrition Intervention in Home Care: New Paradigms for Quality Patient Care”, Del Mar, California, June 1997

Presentation: “The Future Applications and Impact of Technology in Home Infusion”, California Society of Health-System Pharmacists, Spring Symposium: “Focus 97”, Los Angeles, California, April 1997

Article: “Technology Trends in Pain Management”, *INFUSION*, December 1996

Article: “Welcome to the Twenty-First Century: Technology and Telecommunications are Poised to Change American Health Care”, *INFUSION*, September 1996

Article: “Infusion Devices: The Newest Products and Features”, *INFUSION*, June 1996

Presentation: “The Future Role of Technology in the Delivery of Infusions”, National Home Infusion Association Annual Meeting, Philadelphia, Pennsylvania, May 1996

Presentation: “Future Role of Technology in the Delivery of Infusion Therapy” Annual Clinical Update Meeting, Vital Care, Inc., Destin, Florida, March 1996

Presentation: “Selecting a Nutrient Delivery Device for the Alternate Site Setting”, 20th Clinical Congress American Society of Enteral and Parenteral Nutrition, Washington, D.C., January 1996

Article: “Making Sense Of The Options - Enteral Infusion Pumps”, *INFUSION*, December 1995

Presentation: “The Future Role of Technology in the Delivery of Infusions”, 30th Annual American Society of Health-System Pharmacists Midyear Clinical Meeting, Las Vegas, Nevada, December 1995

Article: “Making Sense Of The Options - Stationary Infusion Pumps for Use in the Home”, *INFUSION*, September 1995

Article: “Making Sense Of The Options - Ambulatory Electronic Infusion Systems”, *INFUSION*, July 1995

Presentation: “Selecting A Drug Delivery Device: What You Need to Know”, National Home Infusion Association Annual Meeting, Dallas, TX, May 1995

Article: “Making Sense Of The Options - Antibiotic Delivery Systems”, *INFUSION*, April 1995

Article: “Managed Care and Technology - A Critical Partnership Under Scrutiny”, *The Remington Report*, March 1995

Resume Of Jack M. Saladow
Page Three

Article: "The Future Role of Technology in the Home Infusion Therapy Market", *The Remington Report*, January 1995

Presentation: "Home Infusion Therapy Industry: Keys to Success in a Managed Care Environment", HITCO/ASPEN Southern California Regional Meeting, Anaheim, CA, November 1994

Article: "Home/Alternate Site Drug Infusion Market Update", *MedPro Month*, October 1994

Presentation: "Healthcare Worker Protection - A New Challenge For The Healthcare System", Biomedical Business International Conference on High Growth Infection Control Markets, May 1988

Member: U.S. Healthcare Delegation to the People's Republic of China, September 1986

Presentation: "An Overview of Flow Control Systems", People's Republic of China, September 1986

Presentation: "IV Flow Control Systems: Challenge, Change and Future", American Society of Hospital Pharmacists Mid-Year Clinical Meeting, Dallas, Texas, December 1985

Presentation: "The Challenge of Multiple Medication Therapy", National Intravenous Therapy Association Annual Meeting, May 1984

Member: AAMI Standards Committee for the development of safety and testing requirements for infusion pumps and controllers, 1982 – 1986.
